

# MOTI REBUMA

SEC | DEV

## About Me

I am **Moti Rebuma**, a security focused professional with expertise in web security testing, including identifying and mitigating vulnerabilities in both client side and server side components.

I also specialize in Android app testing, such as reverse engineering, dynamic analysis, and API testing to ensure mobile security.

Additionally, I am a full stack developer, experienced in building and maintaining robust web applications.

## Education

### Software Engineering

*I am a Software Engineering student at Adama Science and Technology University (ASTU)*

2021 – 2025

## Skills

Web Security

Mobile App Security

Web Development

Mobile App Development

## Experience

### Web / Mobile App PenTester

- Intern as a Mobile application and website penetration tester at eTech S.C since February 2025.

### Mobile App PenTester

- Intern as a Mobile application penetration tester at Menas Cyber Solutions from July 2024 to August 30, 2024.

### CTF Player Since 2019

- I've been playing CTF on CyberTalents since August 2020 and have also experienced PicoCTF, HackTheBox(HTB) and TryHackMe. This has enriched my cybersecurity skills and practical knowledge.

### Community Lead

- I am community lead at CSEC ASTU Cybersecurity Division since April 2024.

### Flutter Developer

- Intern as a Flutter Developer at Zerone Technologies from July 2023 to August 30, 2023.

### Fullstack web Developer

- Fullstack developer focusing on backend services using Node.js. For the frontend, I work with React, Next.js, and Flutter.
